INFORMATION FOR POSTMASTERS

(1) **Minimum Dimensions of Articles of International Mail of all Classes.**—Information has been received that numerous articles of mail which do not conform to the minimum dimensions outlined in Section 502, page 122 of the Postal Guide, which also apply to parcel post items, are being received at exchange offices for transmission to other countries.

Postmasters and all others concerned are therefore reminded that articles measuring less than four inches by two and three-quarter inches, or if in the form of a roll, the length and twice the diameter combined are less than six and three-quarter inches or the greatest dimension is less than four inches, are not to be accepted for mailing to other countries.

Exceptionally smaller items bearing a rectangular tie-on label of cardboard or strong paper the length and width of which combined measure not less than six and one-quarter inches, width of label not less than one and one-half inches, may be accepted.

(2) **Green Customs Label No. 185 Required on Letter Packets for Delivery in Other Countries.**—In spite of the notice on this subject in the November 1959 Supplement, letter packets addressed to other countries are still being received in considerable quantities at Exchange Offices, without the green Customs label No. 185.

Postmasters and all others concerned are therefore again reminded of the provisions of Section 523, page 126 of the Postal Guide. In order to prevent delay in delivery or other difficulties in the country of destination sealed letter packets must bear on the address side green Customs label No. 185 duly completed to indicate the nature and value of the contents.

(3) **Parcel Post Rates—Northern British Columbia.**—Postmasters are reminded that parcels posted at or addressed for delivery at the following points are subject to postage at the rate of 20c. for the first pound and 15c. for each additional pound or fraction of a pound **the year round:**

INFORMATION FOR POSTMASTERS

Observations—The exact weight and value and the nature of the contents in accordance with the Classification of the Venezuelan Customs Tariff should be shown on the Customs Declarations or the ordinary commercial descriptions of the goods with complete descriptions of the materials of which they are made and the intended use. Parcels must be sealed by means of wax, lead, or some other similar substance.

As far as possible the weight of the contents of parcels should be shown on the Customs Declaration in kilogrammes and grammes as well as in pounds and ounces.

After the arrival of parcels in Venezuela each addressee is contacted in order to ascertain whether he desires to accept the parcel. If the addressee refuses the parcel it is treated as undeliverable and disposed of in accordance with the instructions of the sender, but if the addressee agrees to accept the parcel it is then submitted for customs treatment. After customs examination the addressee must either take delivery of the parcel or surrender it to the Venezuelan Customs Authorities because parcels which the addressee had agreed to accept after customs treatment but fails to do so cannot be returned to origin. 6–60

AMENDMENTS TO 1959 CANADA OFFICIAL POSTAL GUIDE

Postmasters will amend their copies of the Postal Guide as follows:

Page 39

Section 133—"Householder" Mailings—delete entire entry and substitute—

133. "HOUSEHOLDER" MAILINGS

Third class matter may be addressed simply "Householder" or "Boxholder" etc., without any further address. It is the duty of the postmaster to see that one piece is distributed to each family served by his office, so far as the supply permits.

The following conditions must be observed, however, before third class matter can be accepted for distribution as "Householder" mail:—

(a) **Preparation**

(i) restricted to printed matter, that is to matter on paper, parchment or cardboard; merchandise including bona fide samples or advertising novelties are excluded;

(ii) each piece of mail must bear the name and address of the sender;

(iii) the items must be put up in securely tied packages with an address label (form 7P) attached to each package, on which is indicated the name of the post office, rural route or letter carrier walk, together with the number of pieces in the package;

(iv) each item of "Householder" matter must be of a uniform weight and be put up in lots, as indicated above. The postmaster at the office of mailing must verify beyond doubt the number of items contained in each package, and also see that the necessary postage has been paid;

(v) Items must be folded to a size of not more than:

(a) 4½" x 12" when intended for delivery by letter carriers

(b) 8½" x 12" when intended for distribution at non-letter carrier offices or on rural routes;

(vi) Matter must be **handed in** specially at a post office. It is not to be deposited in post office mail receivers or in street letter boxes or parcel receptacles;

(vii) When payment is made under the postage-paid-in-cash system, the permit number must be entered on each label.

(b) **Prepayment**—Postage, at the rate of 1½¢ for the first 2 oz., 1½¢ for the next 2 oz. and 1¢ for each additional 2 oz., or fraction thereof, per item, should be paid on "Householder" mail by one of the following methods:

(i) a postage-paid-in-cash impression on each piece;

(ii) postage stamps of large denominations or postage meter or postage register impressions affixed to the address label (form 7P) on each package.

When postage stamps are used they must be effectively cancelled at the office of mailing.

The privilege of prepaying postage by means of large denomination stamps, affixed to the address label, **does not apply to individually addressed third class matter.**

INFORMATION FOR POSTMASTERS

(1) **New Air Mail Service—Sept Iles-Gagnon, P.Q. A.M.S.—CAM 69.**—A new air mail service has been inaugurated between Sept Iles and the new post office established at Gagnon, P.Q., to operate on a frequency of 6 round trips per week.

Only first class mail and parcels prepaid at air parcel post rates will be conveyed over this air mail service. Other classes of mail are conveyed by surface transport at ordinary rates of postage.

(2) **Hungary—Dutiable Articles Admitted in Letter Packets.**—Information has been received from the Postal Administration of Hungary that dutiable articles are now permitted entry to that country in letter packets addressed to individuals.

The list of articles which may be sent as gifts to Hungary appears on page 275 of the Postal Guide. Postage stamps can not be enclosed in letter packets (or parcels) addressed to individuals in Hungary but only in accordance with the information on page 273 of the Guide.

The green Customs label No. 185 must be completed and affixed to the address side of all letter packets mailed to Hungary, containing dutiable articles. Failure to do so will result in the return of the article to the sender.

Interested mailers should be informed accordingly.

(3) **International Parcel Post—Certificates of Disinfection**—Information has been received that many parcels containing used wearing apparel in which the mailers have inserted certificates of disinfection as required by the country of destination do not bear an endorsement to this effect on the wrapper. Such parcels are returned to the office of origin for the necessary certificate with consequent delay in transmission.

In order to avoid any misunderstanding in this connection mailers are to be advised that the covers of parcels containing such certificates must be endorsed "Certificate of disinfection enclosed".

The countries which require the enclosure of certificates of disinfection in parcels containing used clothing are as follows:

Albania	Republic of Honduras
Argentina	Paraguay
Bolivia	Peru
Bulgaria	Roumania
Czechoslovakia	Spain
Ecuador	Uruguay
Greece	U.S.S.R.

As certificates of disinfection are no longer required for parcels of used clothing etc. to Jamaica, an appropriate amendment to the Postal Guide as regards Jamaica appeared in the July 1960 supplement.

The above replaces all previous notices issued in the matter.

(4) **Export Permit Regulations Governing Parcels and Letter Packets for Delivery in Other Countries.**—Postmasters and all others concerned are informed that the Export Permit Regulations governing parcels (and letter packets where there is such a service), as issued by the Export and Import Permits Section, Department of Trade and Commerce, Ottawa, are now as follows:

1. **Gift** parcels not exceeding $25.00 in value may be sent to any country without an individual permit under the authority of General Export Permit No. Ex. 1, provided the contents are for the personal use of the addressee, and that not more than one such gift parcel per month is sent to the same addressee by the same sender. Parcels should be clearly marked by the senders "Gift, General Export Permit No. Ex. 1".
2. Parcels not exceeding $50.00 in value may be sent to any country except Albania, Bulgaria, China including Manchuria but excluding Taiwan (Formosa), Czechoslovakia, Germany (Soviet Zone only), Hungary, North Korea, North Viet-Nam, Poland, Roumania, Tibet and Union of Soviet Socialist Republics, without an individual permit provided the parcels do not represent a shipment broken up into units, the total value of which exceeds $50.00. These parcels should be clearly marked by the senders "General Export Permit No. Ex. 1".
3. Parcels addressed to the countries named in 2 above containing goods of Canadian origin listed in Section 3 under General Export Permit No. Ex. 2 of the Export and Import Permits Act 11 July 1956, as amended, may also be sent without an individual permit, and without limitation of value. In the case of such parcels addressed to countries other than those named in 2 above, the goods listed in Section 3 may also be mailed, regardless of country of origin, without an individual permit and without limitation of value. All such parcels addressed to any destination outside of Canada are to be clearly marked "General Export Permit No. Ex. 2".
4. Parcels, whether gifts or not, containing precision instruments require an individual permit when consigned to any country.

It should be specially noted that there is no parcel post or letter packet service at present to China (except Formosa parcel post service only), North Korea, North Viet-Nam or Tibet. Letter packet service is also suspended to Germany (Soviet Zone only), Roumania, and the U.S.S.R.

Export Permit application forms may be obtained from any Customs Office, or from the Export and Import Permits Section, Department of Trade and Commerce, Ottawa, Ontario.

INFORMATION FOR POSTMASTERS

(1) Union of Soviet Socialist Republics—Importation of Medicine.—Effective 1 October 1960, medicines enclosed in gift parcels addressed for delivery in the U.S.S.R. will be admitted to that country only if the respective prescriptions issued by physicians attached to institutions for medical treatment in the U.S.S.R. are also enclosed by the mailers in the parcels.

The prescriptions must bear the stamp and seal of the institutions in question.

Medicines not accompanied by the required prescriptions will be returned to the sender.

(2) Great Britain—Preferential Customs Tariff on Goods of Commonwealth Origin.—Effective 1 September 1960 the requirements as to evidence of origin of goods of Commonwealth origin under the preferential tariff will be simplified in the case of consignments of small value imported into Great Britain.

This relaxation which is subject to review applies to—

(a) tobacco, cigars and cigarettes not exceeding 20 lbs. in weight. (It should however be noted that tobacco stalks, tobacco stalk flour (except by special permit issued by the British Customs) cut and compressed tobacco, tobacco packed with other goods and sweetened tobacco are prohibited entry into Great Britain).

(b) Other goods not exceeding £25 (approximately $68.00) in value.

The particulars of the arrangement are as follows:

1. **Goods for personal use and not for sale.**

Articles imported **by a private individual in the United Kingdom from a private individual** in the Commonwealth Preference area, may be admitted at preferential rates of duty without production of documentary evidence of origin, subject to the satisfaction of the Customs Officer that the goods are of Commonwealth origin, and are for personal use and not for sale.

2. **Other goods**

In the case of a consignment not covered by paragraph 1 above, **consisting exclusively of goods of Commonwealth origin** and consigned to the United Kingdom from the Commonwealth Preference area, the goods may be admitted at preferential rates of duty if the commercial invoice for the goods bears a statement signed by the exporter in the following terms:

"All the above articles are of Commonwealth origin"

The invoice bearing this statement is to be produced to (and will be retained by) the Customs, who may call for further evidence in case of doubt.

Great Britain parcel post observations—delete last line commencing "Preferential" ending at "167"—substitute the following:

Preferential Tariffs apply to goods of Commonwealth origin sent by parcel post. Items such as tobacco, cigars and cigarettes (see parcel post prohibitions) not exceeding 20 lbs. in weight and other goods not exceeding £25 (approximately $68.00) in value may be admitted at preferential rates of duty without production of a certificate of origin. Such articles imported by a private individual in Great Britain from a private individual in the Commonwealth Preference area do not require the certificate of origin when intended for personal use and not for sale. In the case of a commercial consignment of the articles mentioned above consisting exclusively of goods of Commonwealth origin and consigned to Great Britain from the Commonwealth Preference area, the goods may be admitted at preferential rates of duty if the relative commercial invoice bears a statement signed by the exporter to the effect that "all of the articles are of Commonwealth origin". INFORMATION FOR POSTMASTERS

(1) **Promotion—Headquarters.**—Mr. J. F. M. Pageau formerly Chief Superintendent, Planning and Research, Transportation Branch has been selected as Director of Transportation to replace the late Mr. Sarto Chartrand. The appointment is effective immediately.

(2.) **Letter Carrier Delivery Service Established at Grimsby, Ont., and Grande Prairie, Alta.**—A Letter carrier delivery service has been established at Grimsby, Ontario and Grande Prairie, Alta. These Post Offices are to be added in alphabetical order to the list of offices in Section 286, Page 86, of the Postal Guide, at which special delivery service is given.

(3) **Personal Mail For Canadian Military Personnel Serving With The International Supervisory Commission In Indo-China.**—Advice has been received that mail addressed to:

No., Rank, Name,
Military Component, Canadian Delegation,
International Committee for Supervision
and Control
Box 220,
Saigon, Viet-Nam,

is being misrouted to No. 1 Base Post Office, Montreal, for onward transmission to destination contrary to the disposal instructions to be accorded such mail outlined in Notice No. 3 of the June 1958 Monthly Supplement.

Postmasters and all others concerned are therefore reminded that mail for the above address is to be routed to best advantage in the same manner as civilian mail addressed to Saigon, Viet-Nam. Air mail is to be forwarded to Montreal British and Foreign for transmission via France. Surface mail, with the exception of parcels, is also to be sent to Montreal for trans-Atlantic routing. Surface parcels are to be forwarded to Vancouver for trans-Pacific routing via the United States.

Civilian rates of postage apply to all classes of mail.

(4) **Christmas Gift Parcels To Great Britain—Customs Declaration 91B To Be Properly Completed.**—Information has been received from the British postal authorities that during the Christmas period 1959-60 an increasing number of gift parcels from Canada were received bearing Customs declaration form 91B not properly completed.

As a result these parcels had to be opened and examined before delivery with consequent delay, and increased risk of damage as well as extra work for the Post Office and Customs at the busiest period of the year.

In order to avoid a repetition of this irregularity this year all concerned are reminded that Customs declaration form 91B affixed to gift parcels to Great Britain and all other countries must be completed to indicate the exact nature, weight or quantity, and value of each article enclosed. Vague terms such as "Christmas gifts", "Presents", etc. are not sufficient.

Mailers should be reminded of this requirement, and if necessary advised to make the necessary amendments on the forms when parcels are handed in for mailing.
